ISSUE No. 43

WHITES UNITE! FIGHT BACK FOR BRITAIN!

DO YOU believe that our fathers and grandfathers fought two World Wars so that we could end up as second class citizens in our own country?

Conservative, Labour and Liberal/SDP 'Alliance' politicians do!

ALL the Westminster traitors believe that the way to avert more race riots is to bribe the Black community with "Positive Discrimination" and "Affirmative Action".

They believe that the White British people are so docile — thanks to media brainwashing — that they won't take action to defend their birthright even as it is filched from under their very noses!

Unemployment is a scourge in all parts of Britain. Perhaps the worst afflicted area is the North-East of England where in some towns there is a 50 per cent unemployment rate.

But is the government rushing to provide — and encouraging the private sector to provide — jobs and investment in the North-East? No!

All the effort is directed to 'inner city' areas such as Brixton in London, Handsworth in Birmingham, Toxteth in Liverpool, Highfields in Leicester, St. Paul's in Bristol and Chapel Town in Leeds.

Why? Because those are the places with huge Coloured Immigrant populations. Those are the places which terrified the pants off the Westminster traitors by staging major race riots during the past two

WHO WILL YOU PUT FIRST?

THEM?

THEM?

years. The population of the North-East of England is almost wholly British. They do not riot — so they can go and hang themselves.

Bad housing is likewise a chronic problem everywhere in Britain for working people. But where is the

government directing its special assistance?

You've guessed it — the multi-racial 'inner city' riot areas!

Apart from boosting Blacks up the queue for jobs and housing, the Westminster traitors also realise that entertainments could be a key

factor in distracting riot-prone Blacks from their "Burn Down Babylon" pastimes.

So they have appointed a special DoE Minister — Sir George Young — to wander about the country doling out millions of pounds of taxpayers' money to crazy Black

community 'projects'.

£80,000 to a West Indian dominoes club in Brixton . . . £1 million to a reggae recording studio for West Indians in Brent . . . £80,000 to an Asian 'cultural centre' in Bolton.

These are just a tiny few of the hundreds of outrageous bribes that have been doled out.

Even our precious heritage of justice is being corrupted in the service of "good community relations".

The government refused to press prosecutions against the ringleaders of the Black riots in Bristol and in Brixton.

TREASON

Black thugs who stab to death innocent lone White teenagers walk from Courts free or are awarded derisory sentences.

The Police have been ordered to 'turn a blind eye' to Black crime wherever possible "to avoid confrontations".

How long is this corrupt madness and treason going to go on?

For as long as the White British people continue gawping at the TV and saying "I don't want any trouble — and anyway it's too late to do anything."

Until the British people UNITE and FIGHT BACK they deserve every scrap of the misery and humiliation that they've got coming to them.

Meanwhile, the National Front will persevere with its struggle. British youngsters are worth the effort even if their parents are, for the moment, spineless zombies.

ZIONIST VIOLENCE A WORLD-WIDE PLAGUE

DECENT people throughout the world are still reeling from the shock of the recent massacres of Palestinian civilians in Beirut refugee camps perpetrated by 'Christian' Lebanese mercenaries at the behest of the Israeli government.

Israel's Prime Minister Menachem Begin and his Defence Minister Ariel Sharon are now frantically denying any responsibility for this act of genocide but the facts show them to be liars as well as war criminals.

The Lebanese mercenary force

which actually did the killing was trained, armed and financed by Israel and operates under the direction of the Israeli High Command.

It was transported to the refugee camps by Israeli units who stood guard round the camps while the killing was going on.

The massacres were in the classic tradition of Ariel Sharon's "anti-terrorist" activities. In the early 1950's he created the notorious revenge-raid "Unit 101" of the Israeli Army.

69 SLAUGHTERED

In one raid on the Jordanian village of Qibiya in 1953 Sharon's men slaughtered 69 civilians, half of them women and children — when they blew up their houses.

Sharon claimed that he thought the buildings were "empty" — but further investigations proved him to be a liar, and the then Israeli Prime Minister, David Ben Gurion, was forced to disown him.

So far as the recent massacres in Beirut are concerned, an important question mark hangs over the role

of the United States-backed multinational 'peace-keeping' force which was sent to the Lebanon immediately after the ceasefire in the city.

U.S. COMPLICITY?

Why was this force pulled out so suddenly after the Palestinian fighters — who could have protected their women, children and old folk — were evacuated?

The Zionist-dominated mass media will now work overtime to play up every alleged example of "anti-semitic terrorism" to offset the bad publicity created by the Beirut massacres.

Some such incidents may well prove to be the work of Israel's own secret service, or associated Zionist militant organisations, acting as agents provocateurs.

Everybody in France knows that the French Police are quite certain that those responsible for the notorious bombing of the Rue Copernic Synagogue in Paris in 1980 — which the Zionist media immediately blamed on "neo-Nazis" — was perpetrated by Zionist terrorists

working with Israeli agents.

For diplomatic reasons the French government will no more open that can of worms than they will prosecute Jean Pierre-Bloch, son of a leading French Zionist MP, for throwing acid in the face of a patriotic 26 year old Sorbonne student Michel Caignet in 1980.

The French Government did nothing to hunt down the Zionist terrorists who in 1977 murdered Professor Françoise Duprat, an historian and a Nationalist political activist, by detonating a bomb in his car.

TERRORISM IN BRITAIN

Similar — but not, as yet, lethal — terrorist activities have been perpetrated by Zionist militants in Britain. The publisher of anti-Zionist literature had his print works in Sussex gutted by a Zionist 'hit squad' in 1980.

In that case one of the arsonists, Manny Carpel, was arrested, convicted and jailed. Generally Zionist terrorists roam the world unmolested.

"YOU MAY EXIST—BUT YOU MAY NOT FUNCTION"

THE MASTERS of the 'Establishment' would like to ban the National Front, but they have turned from this course in favour of sly piecemeal oppressions whose cumulative effect is intended to have the same result as a ban.

They have rejected an outright ban not for any moral scruples, but because the necessary law would be hard to frame; because 'respectable' minority groups fear how such a precedent might be developed; and because such a move might create public unease.

Hence the co-ordinated drive to frustrate our ability to function.

We are denied the use of most of the 'public' meeting halls in the country; our street activities are either banned or

isolated by the Police — who often harrass our newspaper sellers and 'frame' our activists; the media only mention us if they have a lie to tell while our editors are jailed for printing the truth; national and local government officials search through rule books for pretexts to hound our administrative officers. The pressure is unrelenting.

The very extent of this victimisation indicates that the 'Establishment' is afraid of our potential to influence the course of events in this country — even if by accident! This thought should motivate every NF member to support every NF activity mobilisation. With courage and perseverance we can overcome every obstacle.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the immigrant people in general. "Racialism" is NOT unlawful — only "racial hatred".

A GENERAL ELECTION IS COMING IN 12 to 15 MONTHS WHAT MUST WE SAY TO THE BRITISH PEOPLE?

THE National Front must go into the next General Election with a Manifesto which reflects the party's rejection of reactionary opportunism in favour of a genuinely radical and principled approach to Britain's problems. The production of our message to the British people must be the product of the best efforts of many minds. To encourage this process NF News will be publishing contributions from members of the NF's Policy Committee to stimulate the necessary debate. The first contribution is from MARTIN WEBSTER.

INEVITABLY — and quite properly — the issue which must be paramount in our Manifesto is the scourge of multi-racialism and the urgent need for the immediate implementation of a programme of Repatriation.

There are numerous enormously important issues which our Manifesto must also cope with: Communist and Capitalist subversion of our nationhood; military defence; the Common Market; unemployment and industrial revival; bankers' usury; bad housing; law and order and many others.

But — as NF Chairman Andrew Brons observed in the latest issue of *New Nation* — all these and other political, economic and social problems can be solved sooner, if not later, IF the British people survive as a distinct ethnically homogeneous community.

RELEVANCE

If they do not, then the British nation — if it is allowed to remain as a nominal state entity — will not

be a structure having any meaning or relevance for British Nationalists.

The NF does not exist to find ways of feeding, housing, employing, educating and protecting the mongrelised inhabitants of a degenerate Cosmopolis.

We exist to protect and serve the British people, and none other. If we fail to secure their survival, then our every other idea — no matter how theoretically brilliant — will be quite futile.

HOBBY-HORSES

It is essential, therefore, that those who contribute to the formulation of our next Manifesto do not try and pull the whole party forward by using only their own favoured hobby-horses (and I have mine, I admit!).

All (or at least, most) of our hobby-horses have a part to play in pulling the NF forward — and a few lively young stallions have recently joined our ideological stable after a few clapped-out old nags retired themselves and hobbled off to serene

The prime task of the NF is to see to it that British children like these inherit sole possession of the land of their forefathers and, in due course, pass on that inheritance — intact — to succeeding generations of British children like these.

pastures on the South Coast.

But the lead horse in our team — the dray-horse whose power, if properly harnessed, is essential for initial momentum — is called "Race".

Without him all his companions' best efforts would achieve its ruptures for themselves and a one-way trip down the eccentrically winding by-ways which lead through obscurity to the knacker's yard.

Our Manifesto will not need to

rehearse in vast detail the reasons why we find the multi-racial society a disaster for our nation and people, and why, therefore, we seek the speedy and — if necessary — compulsory repatriation of all racial aliens from British soil.

But I do propose that in its section on race we must cover in some detail how we propose to accomplish (politically, financially and logistically) a programme of

Repatriation within a realistic time-scale and in such a way as to accord an appropriate degree of justice to the deportees.

A large section of the British public do regard Repatriation as a desirable ideal — if a magic wand could be waved to achieve it!

BRAINWASHED

But many people have been brainwashed into believing that Repatriation is "not a practical proposition" either because it could not be arranged politically through diplomatic treaty; and/or because it could not be effected logistically and organisationally; and/or because even if a workable scheme could be devised it would necessarily involve "inhumane measures" which would generate for Britain unbearable world approbrium or even more dangerous consequences.

We already have the basis for credible answers to those objections, but we must take pains to develop them in our Manifesto.

We must provide our potential supporters and voters with the practical information and the self-confidence in respect of "moral issues" which they clearly lack at present — as much by our own default as by the propaganda of the enemy.

WEBSTER UNDAUNTED AS COURT CASES PILE UP

AS THIS issue of *NF News* goes to press (11th October), our Editor, Martin Webster — the National Activities Organiser of the National Front — faces a mounting array of Court actions.

Undaunted by these attempts to cow him into silence and inactivity, he has plunged into the electoral fray as the NF candidate for the Peckham Parliamentary by-election.

On 13th October the trial of Mr. Webster and four other NF activists at Horseferry Road Magistrates Court on "Threatening Words" and "Disorderly Conduct" charges will have recommenced.

These charges arose out of a distur-

bance at a Young Conservative public meeting held at Caxton Hall, Westminster, on Monday 8th February, at which the speaker was the Home Secretary, William Whitelaw.

Mr. Webster shouted to Mr. Whitelaw:

"HOUNDED"

"Whitelaw, you bastard — why did you see to it that Joe Pearce was hounded into jail when you refused to press prosecutions against the leaders of the Bristol and Brixton riots?"

The authorities did not decide to prosecute Mr. Webster until five

weeks after the meeting when they were being accused by Black defence lawyers in the Terry May murder case of being "in the pocket of the National Front".

Martin Webster

West Midlands Police have issued a summons against Mr. Webster for "organising" an "unlawful" anti-IRA

march in Birmingham last January. Two preliminary hearings have been aborted due to non-service of the summons.

Brent Borough Council is now pressing for payment of £1,200 court costs awarded against Mr. Webster and Mr. Graham John, Secretary of Brent NF Group.

UNPRECEDENTED

Last December the Police banned a march they intended to organise in Brent, and so they proposed to stage a street rally as an alternative.

Brent Council sued them ('Ex-Parte') in the High Court and ob-

tained an Injunction, with costs, banning the meeting.

This denial of free speech and the right of assembly was secured by an unprecedented use of the Local Government Act. Mr. Webster and Mr. John did not have funds to arrange legal representation at the emergency hearing before a Judge in Chambers.

As the Injunction only lasted over a weekend, it was impossible for them to organise an Appeal against it — even if they had the funds.

As indicated in the story below, Mr. Webster soon faces the trial of the libel action brought against him by Peter Hain.

HAIN'S LIBEL ACTION: MARTIN WEBSTER DEFENCE FUND DONATIONS

MARTIN WEBSTER sends his sincere thanks to those who have contributed to the Defence Fund to assist his defence against a libel action brought by the anti-South Africa/anti-NF public nuisance Peter Hain in respect of the booklet *Lifting the Lid Off the 'Anti-Nazi League'*.

The trial is due after 18th October. More contributions are needed to enable Mr. Webster to secure a Defence Counsel.

Send all donations—URGENTLY!—to: Mr. Philip Gegan, Gegan & Co., 12 Bowling Green Street, Leicester LE1 6AT. Make out cheques/POs/IMOs to "Gegan & Co." and cross them: "MW Defence Fund".

Any funds not employed in the action will be donated to the Militant Patriots Legal Defence and Aid Fund (MPLDAF) unless contributors write to Mr. Gegan before the trial commences specifying that any remaining portion of their donation must be disposed of otherwise.

WHAT ARE THE RACE PERVERTS PLANNING FOR OUR CHILDREN?

IF THE ANGLO-CELTIC FOLK KNOWN AS 'THE BRITISH' ARE TO SURVIVE AS A NATION THEY MUST PRESERVE THEIR RACIAL UNITY. THE INSTINCT TO PRESERVE RACIAL UNITY ('RACIALISM') IS INBORN IN ALL TYPES OF HUMAN KIND AND ANIMAL SPECIES.

THOSE WHO DESIRE THE DESTRUCTION OF OUR - AND ALL OTHER - NATIONS ARE SEEKING TO PERPETRATE THEIR EVIL BY INDUCING OUR CHILDREN TO DISREGARD THEIR NATURAL INSTINCT TO PREFER THEIR OWN KIND AND TO INTERBREED WITH RACIAL ALIENS.

WE DEVOTE THIS PAGE TO EXPOSING HOW THE RACE PERVERTS ARE GETTING AT WHAT THEY HOPE WILL BE ONE OF THE LAST GENERATIONS OF BRITISH CHILDREN.

BERKSHIRE'S MULTICULTURAL NIGHTMARE

BERKSHIRE now claims to have the most "up to date syllabus for religious education in the country." Under a new syllabus, introduced this term throughout the county, Buddhism, Hinduism, Sikhism and Islam are being taught to thousands of White Christian schoolchildren.

Senior Education Officer Colin James has said that the Royal County of Berkshire should now be seen as "no longer simply a Christian society but multi-faith."

Instead of traditional Bible stories the children will now hear stories about Muhammed, Krishna and the Sikh gurus.

The new syllabus boasts: "By the time he or she leaves school every pupil should have studied at least three major world religions, one of which should be Christianity." ("Should be" - or will be?)

These are just the first steps in the destruction of our children's knowledge of their own cultural identity.

Under a new scheme drawn up by a Berkshire County Council committee of teachers, county councillors and members of Asian and Afro-Caribbean organisations, not even the school caretakers will be left out of the plan to poison the minds of our children.

Their report states that more Black teachers are needed and that text

books and topics which do not include "the black point of view" must be banned.

They call for an overhaul in all methods of testing school children which allocate pupils to particular schools, streams or classes if these tests result in Blacks being allocated to lower intelligence groups.

In order to combat "unconscious and invisible racism" in schools the report calls for "special training" to be given to combat racism to all staff - including kitchen workers, lunchtime controllers, caretakers and administrators!

At Baylis Court School, Slough, history teacher Mrs. Carol Male has already been made head of "Multi-cultural Studies" and has regularly been teaching Indian and West Indian history as well as running a "World Studies" course.

Finally the report proposes the teaching of Hindu, Punjabi and Urdu to all children but questions whether the White British people are "quite ready" for this yet!

ONLY COMMUNISTS NEED APPLY

IN SEPTEMBER the Inner London Education Authority advertised for 22 "advisers in anti-racist strategies". These posts carry salaries of between £8,340 and £11,205 and form just part of the ILEA "Positive Discrimination" campaign.

According to the advertisements, applicants will need to possess "a good grounding in the theory and history of racism" and will be expected to help teachers who belong to organisations such as the Anti-Nazi League or Black Power movements.

The inclusion of such statements indicates quite clearly that members of these or other similar Communist

organisations are the most likely people to be appointed to such posts.

These 'advisers' will work with the new "Multi-Ethnic Inspectorate" which recently issued a 16 page directive to all school inspectors and which asks:

"What strategies are used for responding to incidents such as racist name calling, writing of graffiti, the circulation of racist literature, racist attacks and conflicts, and the activities of organised racist groups?"

Our children do not have to wait until 1984 to see the introduction of the Thought Police.

IS THIS WHAT BRITAIN FOUGHT FOR?

IN two ghastly world wars our fathers and grandfathers fought to defend our island home from invasion. This picture of a class in a Wolverhampton school shows how the corrupt Westminster politicians have betrayed our forefathers' sacrifices and sold our children's birthright. This treason must be avenged.

THE POETRY OF HATE

TEACHERS have leapt to the defence of the Black Ink Collective which has been publishing "poetry of hate". In one of their anthologies was a 'poem' by 15 year old Venon Strachen called "Street Gang":

"I belong to a street gang
We destroy everything in our path
That's how we get our kicks
I belong to a street gang
We enjoy frightening old ladies

We like them to shiver and beg for mercy."

When Dr. Bryan Thwaites of London University recently attacked the anthology - *Wasted Women Friends and Lovers* - several teachers immediately contradicted him.

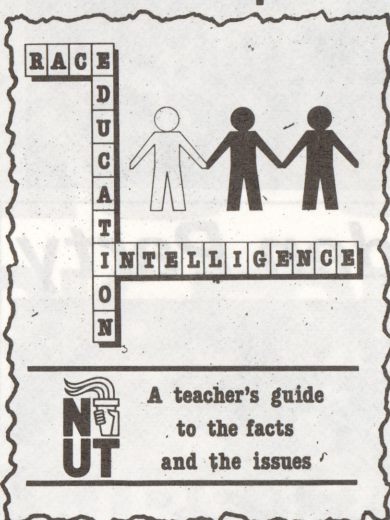

One of them - Tom Wilson, Head 'of English' at Tulse Hill School, Brixton - admitted that the works of the Black Ink Collective were used by his pupils and were "readily available."

He stated: "They are not part of the set curriculum, but we encourage our boys to read fairly widely."

At a time when text books are in short supply in schools throughout the country, the presence of such an anthology must mean that this Head 'of English' regards this book as being an important one for the school to have available.

We wonder what the mugger-hunted White old folk of Brixton feel about his judgement!

Communist poison

IN SEPTEMBER 1978, 50,000 teachers throughout Britain were issued with copies of this booklet - *Race, Intelligence and Education* - by the National Union of Teachers.

It purports to be the scientific final word on the question of differences in intelligence between races and the causes of those differences.

In fact this 'handbook' is nothing less than a tirade of subversive poison. Its principal author is one Professor Steven Rose of the notoriously Marxist-infiltrated 'Open University'.

This Jewish professor is himself a fanatical Communist who advocates Mao Tse Tung's brand of "Marxism-Leninism".

Some years ago at a meeting held at Imperial College, London, he proclaimed his support for the "Cultural Revolution" in Red China even though this led to the slaughter of untold millions of "reactionaries and counter-revolutionaries".

In his introduction to Professor Rose's booklet Fred Jarvis, then General Secretary of the National Union of Teachers, did not see fit to mention Rose's political background and opinions.

This came as no surprise as the leadership of the NUT has for years been the preserve of Marxists of various stripes - in particular 'Stalinists' of the Communist Party and 'Trotskyites' who belong to Rank and File, the teachers' organisation of the Socialist Workers Party.

Professor Rose, like all Marxists, believes that differences in intelligence between races are caused by "socio-economic environment", despite an ever-growing and overwhelming tide of authentic scientific data which indicates that genetic inheritance (ancestry) is the greatest single factor in determining intelligence.

Communists frantically cling to the 'environmentalist' theory because they hope to con people into believing that the revolutionary change in the economic and political environment which they propose would produce a society in which everybody would be equal as well as be possessed of equal rights.

This Communist theory - as we have seen throughout the world wherever Marxism has been tried - is a tragic fantasy.

The only way that everybody can be made "equal" is to get people of different races to interbreed with each other.

By this process ('miscegenation') different racial groups and their inherited particular mental and physical characteristics would disappear and a world population of khaki-coloured, raceless, nationless - but "equal" - mongrels would emerge.

This is precisely what Communist propaganda is designed to achieve. (Professor Rose is a leading authority on rats' brains.)

ETON 1990?

WILL Eton, Harrow, Winchester and the other Toffs' schools go Black? Not bloody likely! Apart from the usual small quota of sons of Maharajas, Oil Sheiks, Tribal Chieftains and UN diplomats, such schools will remain bastions of privilege.

TEACHING: A PROFESSION?

THE DECLINE in the standard of teaching in our schools and the widespread infiltration of Marxists into the teaching profession is now well known to most of the British people.

It should therefore come as no surprise to learn that now totally unqualified Blacks are to be recruited as teachers.

The London Borough of Brent, infamous for its pro-Immigrant policies, has now introduced a scheme to sponsor teachers who do not have the required minimum number of GCE 'O' or 'A' levels.

The only 'qualification' applicants must possess is to be Black!

They will be sent on a one year course in basic literacy and numeracy and regardless of how badly they do they will then be granted guaranteed places at a teachers' training college!

They will all receive a grant of £5,000 a year!

Meanwhile in Clapton the Inner London Education Authority has decided to re-employ a Black lec-

turer, Anselm Samuel at Clapton Youth Centre. Mr. Samuel was convicted in July of stabbing another youth worker with a screwdriver. He has two previous convictions for violence.

Following his re-appointment to this £10,000 a year job the Conservatives claimed that Labour councillors had allowed themselves to be "blackmailed by threats of violence from the local Black community."

Respect by children for our teachers and for our schools can only be engendered if those teachers are worthy of that respect.

Black, unqualified and violent teachers will only earn the hatred of our children and will hasten the day when a revolution will result in a massive clear-out of our educational system.

BLACK BOYS GET ALL THE CASH

IT seems that there are no White athletes of any merit in Slough schools. This summer Slough Council's Sports Sponsorship Scheme awarded cheques of £100 each to the "most talented" young athletes in the area. It is a recognised tactic of the 'Race Relations Industry' to promote Blacks in sport as a means of boosting the "self esteem" of the Black population to compensate for their "under-achievement" in other fields of endeavour.

URDU LESSONS ON THE RATES

ROCHDALE Education Committee at a meeting on 4th August decided to go ahead with evening classes to teach Urdu to Asian children.

Despite the objections of Mr. Neville Naylor, Chief Education Officer, the Committee approved the opening of Castlemere School two evenings a week.

Mr. Naylor objected that the accommodation was not suitable, that there was no caretaker available to open up the school and that the rooms had not been inspected for

fire regulations recently.

The Education Committee members decided that with over 100 local Asians, together with their children, observing the meeting, it was more than their political lives were worth to support their Education Officer's objections.

Once again a Council committee has demonstrated that all normal considerations - even fire regulations! - are politically irrelevant when they conflict with the demands of 'minority ethnic' groups.

Ritual slaughter for school meals

BRADFORD Education Committee has recently decided that ritually slaughtered *halal* meat is to be served with school dinners to more than 10,000 Moslem children in the city.

The Muslim *halal* and Jewish *kosher* method of slaughter require the terrified animal to be up-ended and, without benefit of a stunning device, slashed across the throat and allowed to bleed to death in agony while an Imam (or Rabbi) intones prayers.

Such cruelty is strictly forbidden by law in White-Gentile slaughter houses.

Bradford Council's outrageous decision was supported by both Labour and Conservative councillors and was part of a package of proposals designed to win the votes of the Blacks and Asians in Bradford.

The package also included the introduction of Imams into schools to conduct midday prayers each week; the right of Sikh pupils to wear turbans and religious jewellery and the provision of special changing room facilities for Moslem girls to protect their "Islamic modesty".

Parents who are in financial difficulties will also be able to apply for financial assistance to purchase turbans for their children - but these must be only in the school colours!

After hearing of these decisions a spokeswoman for the Inner London Education Authority said:

"We do not yet provide *halal* meat, however we are shortly to appoint a Senior Catering Adviser with a wide knowledge of diverse foods and cooking appropriate to our multi-cultural society."

When, we wonder, will the dietary requirements of cannibals be catered for in British schools?

POLICE BULLY NF EX-SERVICEMEN

ELDERLY Ex-Servicemen were among a large number of NF members and supporters who were subjected to intimidation tactics by the Police after they left a peaceful "Defend Rights for Whites!" rally in Fulham on 29th August.

Pictured right is Bert Wilton, a longstanding NF member and an Ex-Serviceman in his 80s. He nearly fell to the ground after being jostled by one group of Police louts on the Underground.

NF Ex-Serviceman Mr. Jim Sneath witnessed the Police jostle and abuse NF members on the Underground.

He gained the impression that the Police were deliberately trying to provoke trouble so that they could make mass arrests.

"They were herding and goading our people as if they were cattle. I remonstrated about this to a Police Inspector, but I was treated to a mouthful of abuse," he said.

Retired entomologist and Ex-Serviceman Mr. Kenneth Guichard, who lives near to the rally site in Chelsea, was detained, along with

several other local NF supporters, at Fulham Broadway. They were threatened with arrest if they tried to walk home!

They were detained for 20 minutes without any reason being given.

SURROUNDED

Before the rally the Police surrounded the rally site with 2,000 officers who prevented all persons who could not produce "identification" from attending the "public" meeting!

The rally took place after the Police had banned an NF march through the area on that day. The Police did, however, allow an anti-NF march by Marxists and Immigrants to take place in Bethnal Green.

Family fun at NF Garden Party

THE NF held another successful Garden Party at Honeywood Lodge, Carshalton, on 4th September.

Our pictures show: LEFT (top): a view of the party from behind the bookstall;

Special thanks to Mrs. Vera Lillington and Miss Catherine Williams for the superb buffet.

NFTU RALLY

MORE than 100 NF members who are interested in developing the party's industrial department attended a rally organised by the National Front Trade Unionists (NFTU) in the Regency Room of King George's Halls, Blackburn, Lancashire on 25th September.

NFTU Organiser David Riley made it clear that the National Front is not "anti-trade union", as Left Wingers allege, nor does it seek to "infiltrate" trade unions as proposed by leaders of reactionary 'Nationalist' parties.

"We seek to ensure that the trade union movement pursues its original purpose: To fight for the rights of British working people!"

Other speakers included NF Chairman Andrew Brons and NF Education Officer Terry Denville-Faulkner.

NFTU Organiser David Riley addresses the Blackburn conference: "The TU movement must return to its original purpose."

ST. GEORGE'S DAY RAFFLE

NF CHAIRMAN Andrew Brons drew the winning tickets in the 1982 St. George's Day Raffle on the platform of the "Defend Rights for Whites" rally at Fulham.

The winners were: FIRST PRIZE: £100, A. R. Treadwell (11961). SECOND PRIZE: £50 Michael Hipperson (3729). THIRD PRIZE: £25 Debbie Barnes (5600). Fourth, fifth and sixth prizes - of bottles of spirits and wine - went to: Mr. I. D. Price (0417); Mr. Bob Black (10948) and Mr. P. Martin (2403).

The delay in making the draw was caused by the late return of counterfoils by several units.

REDS 'STALLED' AT BRICK LANE

AMONG the crimes which Communists and Jews and others level at the German Nazi regime was the systematic purging of opposition books from libraries and bookshops.

"The Nazis began by burning books - and ended by burning people!" is one of the parrot-cries of anti-Nazi "democrats".

If their theory is right, then the Marxists and Zionist-Jews who control Tower Hamlets Council in East London are on the primrose path to burning British patriots.

The Council has decided - as a result of prompting from the Board of Deputies of British Jews - to try and ban the sale of "racist" literature from stalls in Brick Lane Market, Bethnal Green, which it controls.

The reason for this is that Mr. Robert Young, Organiser of Newham NF Branch, obtained a licence from the Council to operate a bookstall.

From this stall he sells NF and other patriotic, anti-communist and anti-Zionist literature.

Despite Left Wing, Immigrant and Zionist demonstrations and protests, Mr. Young has stood his ground and, thanks to TV publicity, has enjoyed steadily-increasing sales.

The Council admits that it cannot "ban" his stall until his licence runs out next January. However at that time the Council will impose a "No racist books" clause to its licence contracts.

The wording of this clause will be studied with interest!

Brighton Election

BRIGHTON NF Branch Organiser Ian Taylor stood as the NF candidate in a simultaneous East Sussex County and Brighton City elections for Kings Cliff ward on 30th September.

Mr. Taylor won 94 votes (3.6%) in the County poll and 54 votes (2.1%) in the City poll. This is a distinct improvement on previous Brighton NF local election results which hovered under 1.0%.

Noisy but peaceful at Harlow

ESSEX Police taught the know-alls of the A.8 (Public Order) Department of the Metropolitan Police a thing or two about democracy and public order on 14th August when they not only allowed the NF to march, but allowed the Reds to stage a parallel counter-march! It was fun, noisy - and peaceful!

Peter Berbridge wins appeal

LEADING Wandsworth NF Branch activist Peter Berbridge won his Appeal before Lord Chief Justice Lawton against a conviction for 'Wounding With Intent' on 23rd September and is now home with his family.

As stated in the NF News No. 39 (after he had been convicted and jailed for two years last March), Mr. Berbridge had been falsely accused of slashing a Red prior to an NF march in Lewisham on 20th

April 1980.

The assault was perpetrated by a young man in his 20's, Gary Savage, who has since left the NF. Mr. Berbridge is 48!

The description given by the Red immediately after the assault closely fitted Savage.

But the Red changed the description to fit the appearance of Mr. Berbridge after he had been shown a photograph of Mr. Berbridge by a Left Wing organisation.

The Police then staged an identification parade with Mr. Berbridge in the line-up - and the Red picked him out!

The improper identification parade and the flagrantly biased Summing-Up of the 'trial' Judge caused the Appeal Court to acquit Mr. Berbridge without hesitation.
